

## Wage & Employment Verification

Behind every wage and employment verification is a person going through a life event. Employees need these verifications handled securely and within minutes, not days or weeks. HR and Payroll departments are also struggling with the compliance requirements of fulfilling employee and verifier requests, while also facing the added work of managing the process efficiently.

Businesses need a transparent, automated, real-time solution to ensure that all verification requests are answered quickly and securely.

**Get HIREtech'd with WAGEverify!**

## DATApass

With WAGEverify's DATApass feature, employees have complete control over how their data. DATApass Includes the following features:
